

Motion for Castletown Town Commissioners next Board meeting on 7th. December 2020

I propose that the Castletown Town Commissioners initiate and host a joint meeting in the first quarter of 2021 by inviting all the Southern Boards of the Southern Local Authorities to meet to discuss and to determine a policy to secure with Government the provision of a replacement **Publicly** owned Southern Authorities Community Swimming Pool along with associated facilities, with such facility to continue to be located in the grounds of Castle Rushen High School, and to secure Government funding to coincide with the provision of the new Castle Rushen High School, so as to ensure the continuous provision of a publicly owned Southern Community Swimming Pool, to replace the existing **Publicly** owned Community Swimming Pool presently located in the grounds of Castle Rushen High School, which we have been advised by Government is now reaching the end of its life.

Jeremy Ludford-Brooks
Castletown Town Commissioner
